Erratum: ION-ION AND ION-WATER INTERACTIONS AT HIGH PRESSURE

BY M. NAKAHARA AND J. OSUGI

Rev. Phys. Chem. Japan, **45**, 69 (1975)

A careless mistake has been committed in the calculation of the values in the 3rd column of Table 1. These values should be corrected as:

pressure/kbar	0.5	1	2	3	4	5
$\log \gamma^{(p)}/\log \gamma^{(1)}$	0.977	0.956	0.918	0.886	0.859	0.835

Hence the deviation of Hamann and Linton's equation (5) from the Debye-Hückel equation (3) is considerably small; +0.85% at 5 kbar and +3~4% at 10 kbar. The above correction does not alter the main statement there.

There is also a typographical error in Eq. (6) on page 71. Negative sign must be added to the r. h. s. of the equation.
